Counting The Omer בּיבַת הַעֹּבֶּיב (Aviv) אַבִיב (Aviv)

אַ שָׁמוֹר אֶת־חָדֶשׁ הָאָבִיב וְעָשִּׁיתָ פָּׁסַח לַיהְוָה אֵל הֶיְךּ בִּי בִּחְדֵשׁ הָאָבִיב הוֹצִיאַך יִהוָה אֵל הֵיִד מִמִּצְרַיִם לֵיִלָה:

1 Observe the month of Aviv, and keep the passover unto Yehovah thy God; for in the month of Aviv Yehovah thy God brought thee forth out of Egypt by night. [Deut.16:1]

Understanding what the term אֶבִיב (Aviv) means, from its ancient context, is critically important in determining when the first month of the Israeli Jewish calendar year begins! It effects the correct observance of all the remaining High Holy Days in the Biblical Jewish Calendar, beginning with Passover.

11 And he shall wave the sheaf before Yehovah, to be accepted for you; on the morrow after the sabbath the priest shall wave it. [Leviticus 23:11]

Definitions of the root of the ancient Hebrew word אֶבִיב (Aviv) may provide insight for a clearer understanding to when we should consider barley in Israel to be in a state of אֶבִיב (Aviv) – for the Cohen to wave an omer of it!

¹'Karaism is the original form of Judaism commanded by God to the Jewish people in the Torah. Karaites accept the Tanakh (Jewish Bible) as the word of God and as the sole religious authority. At the same time, Karaites deny human additions to the Torah such as the Rabbinic Oral Law because Deuteronomy 4:2 states, ''You shall not add to the word which I have commanded you, neither shall you diminish from it...'' Karaite Judaism also rejects the Rabbinical principle that the Rabbis are the sole authorities for interpreting the Bible.' Together, both Ernest Klein and Reuben Alcalay define the root of the word Aviv, $\beth (Av)$, to be as 'young shoot, sprout, verdure and bud.' That certainly gives an impression that the barley would only need to be in a young shoot stage of development — not necessarily RIPE as many believe — for an omer to be brought before the Cohen (Priest) for him to wave!

Leviticus 23:1-12 describes the appointed seasons of Yehovah (מֹוֹצְבֵרֵי יְהֹנְה) beginning with the **weekly Sabbath**, then the **feast of Passover** מּלְבָּבָּר (Pesach) and the **feast of unleavened bread** אַנְּבְּלִּבְּן (Hag HaMatzot).

P
- 9 And Yehovah spoke unto Moses saying: 10 Speak unto the children of Israel, and say unto them: When ye are come into the land which I give unto you, and shall reap the harvest thereof, then ye shall bring the sheaf of the first-fruits of your harvest unto the priest. 11 And he shall wave the sheaf before Yehovah, to be accepted for you; on the morrow after the sabbath the priest shall wave it. 12 And in the day when ye wave the sheaf, ye shall offer a he-lamb without blemish of the first year for a burnt-offering unto Yehovah.

Verse 10 ends "נַהֲבֵאתֶם אֶּת־עָּמֶר רֵאשִׁית קְצִירְכֶם אֶל־הַכֹּהַן:" which is often translated "then ye shall bring the sheaf of the first-fruits of your harvest unto the priest." Yet, that part could easily be rendered, "then ye shall bring

the omer of the first cuttings (בְּיַרְכֶּם – harvesting) unto the Cohen."

That rendering would make it appear that the omer brought to the Cohen is to be from the *first cuttings from the early development of the barley,* which certainly looks what אַבִּיב (Aviv) should be understood to mean!

בְּחָבֶשׁ הָאָבֶיב

The beginning of a Biblical month is based upon the sighting of the New Moon in Israel, which will always be either on the 29th or 30th day of a month. Because a month can be no more than 30 days, if the New Moon is NOT sighted on the 29th day of the month, by default, the next month (i.e. the New Moon–Rosh Chodesh) begins on the next day at sunset. For many years I have relied upon Israeli New Moon Reports from Devorah's Date Tree (https://www.facebook.com/datetree/), done previously by Nehemia Gordon.

I began crafting this year's Omer Counting Calendar in mid–February 2024. On March 10th, I was looking further into **'barley'** after seeing it in the Hebrew in Exodus 9:31 as בְּשִׁעֹרֶה (Ernest Klein expresses that it is from the root of משׁל and literally means **'the hairy or bearded (grain)'**). I did an internet search on 'barley hairy aviv.' By serendipity, among the first links to appear was **''Aviv Barley Simplified – You Tube''** (https://www.youtube.com/watch?v=GDLI_jGGO30).

I found it fascinating and searched for the source website, which I found to be https://Nazarenelsrael.org, where, to my surprise, they do an Aviv search in the manner I have come to understand in my exploration of the ancient meaning of (Aviv), from the well respected Jewish scholars, Ernest Klein and Reuben Alcalay, in their definitions for the root אַב (Av) and its variants.

Thus, from the excellent אֶּבִיב (Aviv) and New Moon Reports of Devorah Gordon and her team in the land of Israel prior to the sighting of the new moon on March 11, 2024 (https://www.facebook.com/datetree); and, now also from https://Nazarenelsrael.org's 10 March 2024 Barley Report Update (https://nazareneisrael.org/torah-calendar-news/10-march-2024-barley-update-rosh-hashanah-5784-5-2024/), I am fully convinced that the barley is clearly in the young shoot stage of development, אֶבִיב (Aviv), to be presented to the Cohen (priest) on Sunday, March 31, 2024, which is the first Sunday after Passover, Sunset Sunday, March 24, 2024.

Yom Hanafat Ha'Omer is Sunday, March 31, 2024

"Different Methods Of Counting The 50 Days"

My daily Omer Count is based upon Dr. Nehemia Gordon's "Counting the Omer," found at https://www.nehemiaswall.com/counting-omer (Note that I have struck-through Nehemia's original date April 24, 2022)!

Sunday, April 24, 2022 is יוֹם הֲנָפַּת הָעֹמֶר Yom Hanafat Ha'omer (Day of the Waving of the Sheaf). When the Temple stood this day marked the official commencement of the grain harvest (Deuteronomy 16:9) and sheaves of barley were cut and brought to the Temple as a wave-offering (Leviticus 23:9-14). This day also marks the beginning of the 50-day count to חֵנ הַשְּׁבְּעוֹת Shavuot (Pentecost; Feast of Weeks). Yom Hanafat Ha'omer is counted as Day 1 and Shavuot as Day 50.

There are different methods of counting the 50 days. According to some the commandment 'and you shall count for yourselves fifty days' means to simply observe the 50th day as Shavuot while others actually declare out loud the number on each of the fifty days. A medieval Karaite Jewish practice combines two different methods of declaring the daily count. The first method is the counting of seven weeks. Each day, the number of the week and the number of the day in the week are declared. So for example, the first day is 'first day of the first week'. The second counting method used is an overall number for each day. In this method Day one is 'the first day' and Day 25 is 'the twenty-fifth day'. These two methods are used to satisfy the commandment to count seven weeks (Deuteronomy 16:9) as well as the commandment to count fifty days (Leviticus 23:16).

From the time of the current revision to this Omer Counting Calendar, the next New Moons are yet unknown. Thus, future Hebrew dates, herein, are merely guesses until the actual new moon appears on the 29th or 30th day of a month!

It is my intention to update the following **Omer Counting Calendar** when the upcoming new moons are sighted in the land of Israel.

The current revision of the daily Omer Count is Wednesday, April 3, 2024.
